MS Engineering Management student at Northeastern University, seeking a 6-month co-op in Portfolio Analytics, Asset Management, or Risk Analytics, available January to August 2027.

EDUCATION

Northeastern University

Boston, MA

Master of Science in Engineering Management

Expected Dec 2027

- **Relevant Coursework:** Probability & Statistics, Operations Research, Economic Decision Making
- CFA Level I Candidate - Exam: Feb 2027

CMR Institute of Technology

Bangalore, India

Bachelor of Engineering in Information Science

Aug 2023

SKILLS

Advanced Excel: Pivot Tables, VLOOKUP, Macros/VBA, Financial Modeling, Scenario Analysis

Data Analytics & Visualization: SQL, Power BI (DAX), Tableau, Alteryx, Matillion (ETL)

Programming & ML: Python, Regression, Classification, Forecasting

Quantitative & Risk Analysis: Statistical Testing, Risk Segmentation, Performance Measurement, Variance Analysis

Financial Management: Budget Tracking & Reporting, Reconciliation, Fund Allocation, Financial Modeling

Tools: Agile (Scrum), Jira, Microsoft 365 (Excel, PowerPoint, Word, Outlook), SharePoint, Power Automate

WORK EXPERIENCE

Brand Machine Group Ltd

Bengaluru, India

Data Analyst

Oct 2023 – Jan 2025

- Improved sales conversion by 25.7% across multiple brands via scalable Power BI dashboards analyzing return on ad spend and performance trends, driving a 1.5% lift in overall revenue
- Increased conversion rate from 0.3% to 1.9% by designing performance-tracking dashboards with forward-looking indicators, enabling data-driven decision-making for leadership
- Drove an 8% seasonal revenue increase via Apriori-based Market Basket Analysis, identifying statistical associations across product segments for targeted allocation of marketing spend
- Conducted daily demand forecasting during warehouse migration, maintaining consistent fulfillment; delivered monthly performance dashboards to leadership

Koch Business Solutions

Bengaluru, India

Data Analytics Engineer

Mar 2023 – Sep 2023

- Reduced data preparation time by 40% by re-engineering ETL workflows in Tableau Prep Builder for the global HR Analytics & Reporting team, improving downstream data reliability
- Deployed a Tableau experiment dashboard across 10 global facilities, driving a 30% increase in conversion rates and an 8% reduction in workplace accidents, while cleaning 2M+ records ahead of a global data transformation

PROJECTS

Credit Card Fraud Detection Model | *Python, scikit-learn, Random Forest*

Nov 2025

- Built a risk classification model for fraud detection with feature engineering and visualization (Matplotlib/Seaborn), applying statistical tests (Chi-squared, ANOVA) to segment risk tiers for credit assessment

Credit Risk Segmentation Model | *Python, XGBoost, statsmodels*

Sep 2025

- Developed quantitative credit risk segmentation using XGBoost classification and statistical hypothesis testing to identify risk tiers, with full preprocessing, cross-validation, and model performance evaluation

LEADERSHIP & EXTRACURRICULAR

Northeastern University Energy Systems Society (NUESS)

Boston, MA

VP of Finance

May 2026 – Present

- Built and maintain an Excel-based budget tracking workbook (pivot tables, VLOOKUP) to monitor expenses across events, sponsorships, and member initiatives, reporting variances to the executive board
- Reconcile actual expenses against approved budgets on a recurring basis, flagging discrepancies and maintaining fiscal accountability; support annual budget proposals and fund allocation

TEDx CMRIT | *Curator Lead — managed event budgets and cross-functional logistics*

2022 – 2023

CMRIT Placement Cell | *Coordinator — recruitment drives and placement data tracking*

2022 – 2023
